Upon entering the school, all parents/guardians must report to the office (see Visitors section on following page). At the end of the school day, parents/guardians are requested to please pick up children at the designated time for dismissal and to wait outside for car-line children to be dismissed rather than going into the school.

VISITORS

In order to maintain a safe school environment and minimize disruptions during the course of the school day, Pinckneyville District No. 50 requires all visitors to use the door entry system by pushing the gray button located on the right side of the front doors. After entering the building you must check in at the front office. Visitors should use the main entrance by the gymnasium from Mulberry St.

LEAVING SCHOOL GROUNDS

Students are not to leave the school grounds at any time during the school day without special permission from the principal or the superintendent. If a student is to leave the school during the day, a note dated and signed by the parent or legal guardian must be presented to the principal or superintendent for prior approval. The note must also state who will be picking up the student. Subsequently, it is necessary for the person picking up the student to come in the office and fill out the sign-out sheet before leaving the school grounds. This requirement maintains the safety and protection of students.

Elementary students are required to stay at school for lunch unless they live close to school and have a parent/guardian at home to prepare lunch. If the parent wants the student to go home for lunch, a written note must be submitted in advance to the principal or superintendent for approval.

****For your convenience there is a breakfast and lunch chart on page 20.***

The State also requires that all students fulfill immunization requirements at the time of school entrance. Students transferring from other school districts shall present an up-to-date health record at the time of enrollment.

STUDENT ATTENDANCE & PUNCTUALITY

An *excused* absence is an absence which the school has reviewed and has determined does meet the following legal requirements for an excused absence:

- *Student illness*
- *Death in the immediate family*
- *Family emergency*
- *Observation of a religious holiday*
- *Circumstances causing reasonable concern to the parent for the student's health or safety*
- *Other situations beyond the control of the student, as determined by the principal*

An *unexcused* absence is an absence which the school has reviewed and has determined *not to meet* the legal requirements for an excused absence. This is considered to be an *unexcused absence* .

The law requires that your children be in attendance at school whenever your child's school is open for instruction. The only approved vacation periods for Pinckneyville District 50 students occur during the late December-early January *winter vacation* , Easter vacation (March or April) and summer vacation period. Students receive a copy of the school calendar at the beginning of the school year. The school calendar is available on the jrpanther.com web page.

Student attendance and punctuality is of paramount importance to the educational success of children. Consequently, students shall attend school on a regular basis during the school year unless otherwise determined exempt under the provisions of Article 26 of the School Code of Illinois. All cases involving irregular attendance and/or truancy shall be reported to the truant officer. Furthermore, cases involving excessive tardiness will also be reported to the truancy officer. Parents/guardians are strongly encouraged to schedule family trips, vacations, and other activities around the school calendar. In addition parents/guardians are strongly encouraged to ensure their child arrives to school prior to 8:10 AM.

Students may be excluded from school when afflicted with any contagious, infectious, or transmittable disease. School officials shall be governed by the decision of a physician or the Board of Health in such cases. In such cases it may be necessary to provide written documentation, from a physician or Board of Health, of the illness or disease.

In the event your child must be absent from school, please notify the school, (618) 357-5161, between 7:45 AM and 10:00 AM on the morning of the absence. A written note, signed by the parent/guardian, will be accepted upon the return of the student if no phone is available in the home. **Failure to notify the school may result in student absences being deemed 'unexcused' and subsequent notification of the truancy officer.**

Pinckneyville Elementary has noticed an increasing problem of parents taking students out of school to accompany a sibling on school sponsored field trip. School sponsored field trips are for the students in that class only.

When notifying the school regarding your child's absence, please inform the school if you desire to pick up your child's schoolwork for that day. Schoolwork can be ready to pick up in the office from 3:00-3:30 PM each day. Homework will not be sent home with other students. Calls made to request schoolwork after 12:00 PM may not be honored.

When an absence is anticipated there will be no homework given in advance, a student will have one day for every day absent to make up work following an absence. However, if a student is absent from class on the day of an announced test, quiz, assignment, or project, then he/she shall make up that test or turn in the assignment that was due on the same day that he/she returns to school.

VISION & HEARING SCREENING

Vision screening will be done, as mandated by the Illinois School Code, for all Kindergarten, First Grade, Second Grade, Special Education, teacher referral, and transfer students during the school year. As time permits, others grades will also be given vision screening. Vision screening is not a substitute for a complete eye and vision evaluation by an eye doctor. Your child(ren) is not required to undergo this screening IF an optometrist or ophthalmologist has completed and signed a report form indicating that an examination has been administered within the previous twelve (12) months and that evaluation is on file at the school.

Furthermore, hearing screening will also be done, as mandated by the Illinois School Code, for all Kindergarten, Second Grade, Third Grade, Special Education, teacher referral, and transfer students during the school year. As time permits, other grades will also be given hearing screening.

MEDICATION FOR STUDENTS

Every effort should be made to administer medication at home before and/or after school hours. However, in the event a student requires prescribed and/or over-the-counter medication during school hours the parents/guardians should contact the school health aide. Any student who is required during school hours must comply with the following school regulations:

1. Written orders from a physician detailing the child's name, name of medication, and dosage to be given.
2. Written request and permission from the parent/guardian of the student requesting the school district administer the medication prescribed by the physician.

Forms for the above are available at school.

EPINEPHRINE POLICY

Epinephrine Auto-Injector, Asthma Medication, and Self-Management of Diabetes

A student may possess an epinephrine auto-injector (EpiPen® or a medical device designed for immediate self-administration by a person at risk of anaphylaxis) and/or medication prescribed for asthma for immediate use at the student's discretion, and /or self-manage their diabetes provided the student's parent/guardian has completed and signed a "Self-Administration of Medication" form and the "Physician's Authorization for Administration of Medication at School" form. Further, provided that the student is authorized to do so pursuant to a diabetes care plan, the school shall allow a student to self-manage his or her diabetes, which may include the use of equipment and the self-administration of medication in accordance with the student's diabetes care plan.

School District Supply of Epinephrine Auto-Injectors

The School District may maintain a supply of epinephrine auto-injectors that are prescribed by a physician in the name of the School District. If the school has epinephrine auto-injectors on site, any student authorized to self-administer that meets the prescription on file may use the School District epinephrine auto-injectors. The school nurse is authorized to provide or administer a School District epinephrine auto-injector to a student or to provide a School District epinephrine auto-injector to any personnel authorized under a student's Individual Health Care Action Plan, Illinois Food Allergy Emergency Action Plan and Medication Authorization Form, or plan pursuant to Section 504 of the Rehabilitation Act of 1973 to administer a School District epinephrine auto-injector to the student, provided that such epinephrine auto-injector meets the prescription on file. When a student does not have an epinephrine auto-injector or a prescription for an epinephrine auto-injector on file, the school nurse may utilize the School District epinephrine auto-injector supply to respond to an anaphylactic reaction, under a standing protocol from a physician licensed to practice medicine in all its branches and pursuant to the requirements under the Illinois School Code. The school nurse is expressly authorized to administer an epinephrine auto-injector to any student that the school nurse in good faith professionally believes is having an anaphylactic reaction.

Upon implementation of this Board Policy, the protections from liability and hold harmless provisions as explained in this Policy and in Section 22-30(c) of the School Code, as now or hereafter amended, and its accompanying regulations, as now or hereafter added or amended, shall apply. Such protections from liability and hold harmless provisions also apply to any act of commission or omission concerning the District or District personnel obtaining a prescription and standing protocol from a physician or in the filling or re-filling of such prescription for epinephrine auto-injectors.

No one, including without limitation parents/guardians of students, should rely on the District for the availability of an epinephrine auto-injector. This policy does not guarantee the availability of an epinephrine auto-injector; students and their parents/guardians should consult their own physician regarding this medication.

Immunity and Indemnity

The School District and its employees and agents shall incur no liability, except for willful and wanton conduct, as a result of any injury or property damage arising from any act, commission, or omission related to: (1) a student's self-administration of any medication or epinephrine auto-injector; (2) the supervision, or lack thereof, of a student's self-administration of any medication or epinephrine auto-injector by School District employees or agents; (3) the storage of any medication or epinephrine auto-injector by School District employees or agents; (4) the administering of any medication or epinephrine auto-injector to a student by School District employees or agents; (5) obtaining an epinephrine auto-injector prescribed to the School District at any particular school or location; and (6) filling or refilling the District's prescription for epinephrine auto-injectors.

The student and the student's parent/guardian shall indemnify and hold harmless the School District and its employees and agents against any claims, except a claim based on willful and wanton conduct, arising from any act, commission, or omission related to: (1) a student's self-administration of any medication or epinephrine auto-injector; (2) the supervision, or lack thereof, of a student's self-administration of any medication or epinephrine auto-injector by School District employees or agents; (3) the storage of any medication or epinephrine auto-injector by School District employees or agents; (4) the administering of any medication or epinephrine auto-injector to a student by School District employees or agents; (5) obtaining an epinephrine auto-injector prescribed to the School District at any particular school or location; and (6) filling or refilling the District's prescription for epinephrine auto-injectors.

HEAD LICE POLICY

In regard to the issue of head lice, Pinckneyville District No. 50 adopts the following procedure to be carried out by the administration and health service staff:

1. Students who have evidence of head lice will be excluded from school until they have been properly treated and all nits (eggs) have been removed from the hair strands.
2. Students sent home for treatment should be brought back to school (by appointment only) to be re-checked before they are allowed to attend school. If nits (eggs) or live lice are found, the student will be sent home for further treatment.

STUDENTS WITH DISABILITIES

Pinckneyville District No. 50 offers programs in compliance with the *Individuals with Disabilities Act* and *Section 504 of the Rehabilitation Act of 1973* and in accordance with the Illinois School Code.

MISCONDUCT BY STUDENTS WITH A DISABILITIES

BEHAVIORAL INTERVENTIONS

Behavioral interventions shall be used with students with disabilities to promote and strengthen desirable behaviors and reduce identified inappropriate behaviors. The District will establish and maintain a committee to develop, implement, and monitor procedures on the use of behavioral interventions for children with disabilities. The committee shall review the State Board of Education's guidelines on the use of behavioral interventions and use them as a non-binding reference. This policy and the behavioral intervention procedures shall be furnished to the parent(s)/guardian(s) of all students with individual education plans within 15 days after their adoption or amendment by, or presentation to, the Board or at the time an individual education plan is first implemented for a student; all students shall be informed annually of the existence of this policy and the procedures. At the annual individualized education plan review, a copy of this policy shall be given to parent(s)/guardian(s). The policy and procedures shall be explained. A copy of the procedures shall be available, upon request of the parent(s)/guardian(s).

DISCIPLINE OF SPECIAL EDUCATION STUDENTS

The District shall comply with provisions of the individuals with Disabilities Education Act (IDEA) when disciplining students. No special education student shall be expelled if the student's particular act of gross disobedience/misconduct is a manifestation of his or her disability. Any special education student whose gross disobedience/misconduct is not a manifestation of his or her disability may be expelled pursuant to the expulsion procedures, except that such disabled student shall continue to receive education services as provided in the IDEA during such period of expulsion. A special education student may be suspended for an aggregate of 10 days of school per school year, regardless of whether the student's gross disobedience/misconduct is a manifestation of his or her disabling condition.

A special education student who has or will exceed 10 days of suspension may be temporarily excluded from school by court order or by order of a duly appointed state of Illinois hearing officer if the District demonstrates that maintaining the student in his or her current placement is substantially likely to result in injury to the student or others.

A special education student who has carried a weapon to school or to a school function or who knowingly possesses or uses illegal drugs or sells or solicits the sale of a controlled substance while at school or a school function may be removed from his or her current placement. Such student shall be placed in an appropriate interim alternative educational setting for no more than 45 days in accordance with the IDEA.

APPROPRIATE DRESS

Students at Pinckneyville Elementary School are expected to have pride in their appearance while being respectful of the rights of others. Students' dress and grooming must not disrupt the educational process, interfere with the maintenance of the teaching/learning climate, or compromise reasonable standards of health, safety and decency. In the event a student dresses inappropriately, the school may engage in any or all of the following: notify parents/guardians in order to acquire different clothes, instruct the student to wear their clothing in a manner to eliminate the created disruption, or issue clothing provided by the school.

ITEMS PROHIBITED AT SCHOOL

Students should not bring personal items to school that may inhibit school safety or serve as a distraction to the school teaching/learning environment. Furthermore, these items may become lost or broken if brought to school. These personal items may include, but are not limited to the following: *cellular/mobile communication devices, electronic games, toys, balls, radios, bats, trading cards, dolls, make-up, etc.* Additionally, no live animals will be allowed in the school building at any time unless permission has been granted by the building administration. In such permissible cases, all live animals will be required to be safely contained in a transportable container while in the school building. Pinckneyville District No. 50 reserves the right to confiscate and withhold such items and/or animals deemed as unsafe and/or disruptive to the teaching/learning environment.

GRADING - PROMOTION & RETENTION

The administration and professional staff shall establish a system of grading and reporting academic achievement to students and their parents/guardians. The system shall also determine when promotion requirements are met. The decision to promote a student to the next grade level shall be based on successful completion of the curriculum, attendance, performance based on Illinois Standards Achievement Test, the Iowa Test of Basic Skills, or other testing. A student shall not be promoted based upon age or any other social reason not related to academic performance. The administration shall determine remedial assistance for a student who is not promoted.

Parents/guardians will be notified of possible retention consideration as early as possible in the school year. Parents/guardians will have the opportunity to meet with school staff members to discuss any concerns. Pinckneyville District No. 50 shall make the final decision regarding retention.

Parents are encouraged to attend these conferences and to communicate on a regular basis with the classroom teacher. Parents may request a conference with a teacher at any time during the school year by contacting the school. Any parent visiting the school should check in at the school office to receive a visitor's pass prior to visiting the classroom for a scheduled appointment.

STUDENT RECORDS

A complete cumulative record is maintained on each student enrolled in the Pinckneyville Schools. The folder contains the student's grades, attendance records, standardized test scores, and any information the school may need pertaining to any special health conditions of the student.

Parents may review these records by making an appointment with the principal or superintendent of the school to set a time when the records can be reviewed and interpreted.

If a student should move from Pinckneyville to another area, the parent must give written permission before the student's records can be forwarded to another school. Parents bringing students into Pinckneyville District No. 50 must also request, in writing, to have the previous school forward records to Pinckneyville District No. 50.

PBIS

The purpose of implementing Positive Behavior Supports and Interventions (PBIS) at Pinckneyville Elementary School is to promote confidence in all students, create a more positive and caring environment for all stakeholders, and to motivate students to make good choices. In doing this, consistency will be created among the faculty and staff, family partnerships will be strengthened, and expectations for behaviors will be known. The PBIS team will be in charge of the following activities:

Monthly Super Sheriffs Winners – Every month a winner will be selected from a monthly drawing in each homeroom. The winners will be treated to a snack along with a small reward.

Periodic Celebrations – Will be held throughout the year when School Goals are met by the entire student population.

Discovery Education

Pinckneyville Elementary School District 50 has selected *Discovery Education Assessment* to replace *AIMSWEB* as a solution for identifying and tracking the progress of struggling students for 2015-16 school year. Discovery Education Assessment offers a variety of interim, formative, and diagnostic assessments to meet the needs of the students.

ASBESTOS MANAGEMENT PLAN

Pinckneyville District No. 50 conducted a complete inspection of its facilities in 2011, utilizing the services of Mead Environmental Associates. The results of this inspection have been included in a management plan. This management plan is available in the administrative offices of this District during normal business hours, without cost or restriction, for inspection by representatives of the EPA and the State, the public including teachers, other school personnel and their representatives, and parents. The district may charge a reasonable cost to make copies of management plans. Periodic surveillance is required every six (6) months. A re-inspection of our facilities is required every three (3) years and was conducted in the spring of 2007. Any fiber release episodes and any activities involving the disturbance of the ACM are also recorded in the management plan.

You, as a parent, are encouraged to examine the management plan that affects your child. The purpose of the Federal and State regulations is to protect the health and well being of all persons entering the buildings of the District for any reason. This District takes very seriously the recommendations made in the management plan.

HERBICIDE/PESTICIDE NOTIFICATION

Pinckneyville District No. 50 has established a voluntary registration in the event the spraying of pesticides and/or herbicides is necessary. By voluntarily placing your name on this list you are asking to be notified two days before an airborne pesticide and/or herbicide application. In the event of an extreme emergency requiring the immediate use of pesticides and/or herbicides, we will notify you as soon as possible. Please contact the district office (357-5161) if you wish to be added to the registry.

Pinckneyville District 50 Transportation Pick-up and Drop-off policy

The goal of the Pinckneyville District 50 School is to provide students with a safe and secure transportation program. This goal can only be achieved through the combined efforts of our schools, bus garage, students, and parents. Because safety is our number one concern we do not allow multiple pick up and drop off locations. Please review the following policy. Students will be allowed one pick-up address and one drop-off address. These pick-up and drop-off locations may be different, but must be consistent every day. In the case of an emergency students will be allowed an additional location. Both the primary and emergency locations need to be completed at registration prior to the start of school. **When using the emergency address a note needs to be turned into the building office by 8:30 a.m.**

For purposes of consistency and to avoid overcrowding of buses, the matter of students switching buses is strictly regulated. For example students may not switch buses for such reasons as going to another student's house to spend the night, slumber parties, etc. **Parents will be responsible for transportation in such cases.**

Because of the danger associated with students being left unattended, the following guidelines will be followed: In the circumstance that no one is at the drop-off location, the student will be returned to the school district and a verbal conference with the parent or guardian will be held. If this continues, parents may be referred to local authorities. Students can be picked up from school by a parent or designee at the close of the school day, before 2:45 p.m. The parent or designee must come to the office to sign out the student.

SCHOOL CLOSING

In the event that it becomes necessary to close school due to severe weather conditions or an emergency, such a decision will be announced over WCIL (101.5), WHCO (1230), Z100 (100), WXAN (103.9), WSIL Channel 3 and KFVS Channel 12. Pinckneyville Elementary will use **SchoolMessenger** in the event that it becomes necessary for an early dismissal or to close school due to severe weather conditions or an emergency, parents will receive a call and a text from **SchoolMessenger**. It is no longer necessary to contact the school.

EMERGENCY SNOW ROUTES

Emergency Snow Routes have been developed to enable the District to remain in session on days when the highways are clear, but the secondary roads remain hazardous for normal bus transportation of students. If bus routes are changed due to weather conditions an announcement stating that, "School will be in session, busses will be running on Snow Routes", will be announced on the following radio and television stations: WCIL (101.5), WDQN (1580), WHCO (1230), Z100 (100), WXAN (103.9), WSIL Channel 3 and KFVS Channel 12. Following is a list of the snow routes for all busses ridden by District #50 students.

COMPUTER AND INTERNET POLICY

Internet access is now available to students and teachers in the Pinckneyville District No. 50 schools. We are very pleased to bring this access to the Pinckneyville School District No. 50 and believe the Internet offers vast, diverse, and unique resources to both students and staff. Our goal in providing this service to teachers and students is to promote educational excellence in district schools by facilitating resource sharing, innovation, and communication. Our current Vision Statement states, it is imperative that Pinckneyville District No. 50 develops a technology program which will aide students to succeed in a culturally and a technologically complex society and provide students with a competitive advantage for college and future careers. The program will be enhanced by the development of working business partnerships to provide direction, purpose and thereby maintaining this program's competitive advantage. All learners (students, staff and community) will have equal access to the technology facilities to promote confidence, motivation and enthusiasm for lifelong learning opportunities

The Internet is an electronic highway connecting thousands of computers worldwide and millions of individual users. Students and staff have access to:

1. Limited electronic mail communications with people all over the world.
2. Information and news from government sources, research institutions, and other sources.
3. Public domain software and shareware of all types.
4. Selected discussion groups on a wide range of topics.
5. Many public and private libraries, the Library of Congress, and the Educational Resources Information Clearinghouses (ERIC)

With access to computers and people all over the world also comes the availability of material that may not be considered to be of educational value in the context of a school setting. On a global network it is impossible to control all materials, and an industrious user may discover controversial information. We (Pinckneyville School District No. 50) firmly believe that the valuable information and interaction available on this worldwide network far outweigh the possibility that users may procure material that is not consistent with the Learning Outcomes of the District.

Life is a series of choices and consequences. Pinckneyville School District No. 50 has chosen to make Internet resources available to students, and the consequence is that they will have access to far more information than if they had to rely on their school's library. If a student chooses to use these resources for finding information that will be of assistance in learning, the consequences will be continued access to the Internet. If a Pinckneyville School District No. 50 student chooses to access resources that are objectionable, adult-oriented, or restricted, the consequence will be suspension or termination of access privileges. The signature at the end of this handbook indicates each party who signed and has read the terms and conditions and understands their significance.

Occasionally, it may be necessary to use videotaping within a classroom to enhance instructional effectiveness. In most cases, only staff members from Pinckneyville District No. 50 or Tri-County Special Education Cooperative view classroom videotaping. In the event it becomes necessary to utilize videotaping within the classroom, parents/guardians will be notified prior to videotaping in order to obtain consent. While the school limits access to school buildings to outside photographers, it has no control over news media or other entities that may publish a picture of a named or unnamed student. School staff member will not, however, identify a student for an outside photographer.

PICTURES OF NAMED STUDENTS

Occasionally, school officials want to acknowledge students who participate in a school activity or deserve special recognition. Consequently, the school may wish to identify a student in a school picture. However, if parents/guardians DO NOT want their child(ren) identified in a school photograph or other form of print or electronic media, the school must be notified by the parent/guardian in writing that their child(ren) should not be identified.

FOOD ALLERGY PREVENTION

In accordance with the recommendations made by the Illinois Department of Public Health, all refreshments/food products brought to school must be prepackaged or purchased from a licensed food facility. Prevention of and Response to Bullying, Intimidation, and Harassment

Bullying, intimidation, and harassment diminish a student's ability to learn and a school's ability to educate. Preventing students from engaging in these disruptive behaviors and providing all students equal access to a safe, non-hostile learning environment are important school goals.

Bullying on the basis of actual or perceived race, color, national origin, military status, unfavorable discharge status from the military service, sex, sexual orientation, gender identity, gender-related identity or expression, ancestry, age, religion, physical or mental disability, order of protection status, status of being homeless, or actual or potential marital or parental status, including pregnancy, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic is prohibited in each of the following situations:

1. During any school-sponsored education program or activity.
2. While in school, on school property, on school buses or other school vehicles, at designated school bus stops waiting for the school bus, or at school-sponsored or school-sanctioned events or activities.
3. Through the transmission of information from a school computer, a school computer network, or other similar electronic school equipment.
4. Through the transmission of information from a computer that is accessed at a nonschool-related location, activity, function, or program or from the use of technology or an electronic device that is not owned, leased, or used by the school district or school if the bullying causes a substantial disruption to the educational process or orderly operation of a school.

Bullying includes cyber-bullying (bullying through the use of technology or any electronic communication) and means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

1. Placing the student or students in reasonable fear of harm to the student's or students' person or property;
2. Causing a substantially detrimental effect on the student's or students' physical or mental health;
3. Substantially interfering with the student's or students' academic performance; or
4. Substantially interfering with the student's or students' ability to participate in or benefit from the services, activities, or privileges provided by a school.

Examples of prohibited conduct include name-calling, using derogatory slurs, stalking, sexual violence, causing psychological harm, threatening or causing physical harm, threatened or actual destruction of property, or wearing or possessing items depicting or implying hatred or prejudice of one of the characteristics stated above

Students are encouraged to immediately report bullying. A report may be made orally or in writing to the district complaint manager or any staff member with whom the student is comfortable speaking. Anyone, including staff members and parents/guardians, who has information about actual or threatened bullying is encouraged to report it to the district complaint manager or any staff member. Anonymous reports are also accepted by phone call or in writing.

A student will not be punished for reporting bullying or supplying information, even if the school's investigation concludes that no bullying occurred. STUDENT BEHAVIOR

Pupils, parents, and school personnel can best achieve educational goals if there is an atmosphere of mutual understanding, respect, and cooperation. Discipline and classroom management are essential to effective teaching and learning.

Students attending the Pinckneyville Schools are expected to attend school on a regular basis, to observe school rules and regulations, and to conduct themselves in a respectful manner that will be a credit to themselves, their parents, and the school.

Disciplinary measures shall be taken in the event that inappropriate conduct warrants it, and parents will be notified of such action taken. This policy becomes effective and replaces the current policy on *Student Discipline* on the first student attendance day of the 2016-2017 school year.

STUDENT BEHAVIOR (FORMERLY KNOWN AS STUDENT DISCIPLINE)

The goals and objectives of this policy are to provide effective discipline practices that: (1) ensure the safety and dignity of students and staff; (2) maintain a positive, weapons-free, and drug-free learning environment; (3) keep school property and the property of others secure; (4) address the causes of a student's misbehavior and provide opportunities for all individuals involved in an incident to participate in its resolution; and (5) teach students positive behavioral skills to become independent, self-disciplined citizens in the school community and society.

When and Where Conduct Rules Apply

A student is subject to disciplinary action for engaging in *prohibited student conduct*, as described in the section with that name below, whenever the student's conduct is reasonably related to school or school activities, including, but not limited to:

- 15. Being absent without a recognized excuse; State law and School Board policy regarding truancy control will be used with chronic and habitual truants.
- 16. Being involved with any public school fraternity, sorority, or secret society, by: (a) being a member; (b) promising to join; (c) pledging to become a member; or (d) soliciting any other person to join, promise to join, or be pledged to become a member.
- 17. Being involved in gangs or gang-related activities, including displaying gang symbols or paraphernalia.
- 18. Violating any criminal law, including but not limited to, assault, battery, arson, theft, gambling, eavesdropping, vandalism, and hazing.
- 19. Making an explicit threat on an Internet website against a school employee, a student, or any school-related personnel if the Internet website through which the threat was made is a site that was accessible within the school at the time the threat was made or was available to third parties who worked or studied within the school grounds at the time the threat was made, and the threat could be reasonably interpreted as threatening to the safety and security of the threatened individual because of his or her duties or employment status or status as a student inside the school.

20. Operating an unmanned aircraft system (UAS) or drone for any purpose on school grounds or at any school event unless granted permission by the Superintendent or designee.
21. Engaging in any activity, on or off campus, that interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.

For purposes of this policy, the term “possession” includes having control, custody, or care, currently or in the past, of an object or substance, including situations in which the item is: (a) on the student’s person; (b) contained in another item belonging to, or under the control of, the student, such as in the student’s clothing, backpack, or automobile; (c) in a school’s student locker, desk, or other school property; or (d) at any location on school property or at a school-sponsored event. Efforts, including the use of positive interventions and supports, shall be made to deter students, while at school or a school-related event, from engaging in aggressive behavior that may reasonably produce physical or psychological harm to someone else. The Superintendent or designee shall ensure that the parent/guardian of a student who engages in aggressive behavior is notified of the incident. The failure to provide such notification does not limit the Board’s authority to impose discipline, including suspension or expulsion, for such behavior.

No disciplinary action shall be taken against any student that is based totally or in part on the refusal of the student’s parent/guardian to administer or consent to the administration of psychotropic or psychostimulant medication to the student.

Disciplinary Measures

School officials shall limit the number and duration of expulsions and out-of-school suspensions to the greatest extent practicable, and, where practicable and reasonable, shall consider forms of non-exclusionary discipline before using out-of-school suspensions or expulsions. School personnel shall not advise or encourage students to drop out voluntarily due to behavioral or academic difficulties. Potential disciplinary measures include, without limitation, any of the following:

1. Notifying parent(s)/guardian(s).
2. Disciplinary conference.
3. Withholding of privileges.
4. Temporary removal from the classroom.
5. Return of property or restitution for lost, stolen, or damaged property.
6. In-school suspension. The Building Principal or designee shall ensure that the student is properly supervised.
7. After-school study or Saturday study provided the student’s parent/guardian has been notified. If transportation arrangements cannot be agreed upon, an alternative disciplinary measure must be used. The student must be supervised by the detaining teacher or the Building Principal or designee.
8. Community service with local public and nonprofit agencies that enhances community efforts to meet human, educational, environmental, or public safety needs. The District will not provide transportation. School administration shall use this option only as an alternative to another disciplinary measure, giving the student and/or parent/guardian the choice.
9. Seizure of contraband; confiscation and temporary retention of personal property that was used to violate this policy or school disciplinary rules.
10. Suspension of bus riding privileges in accordance with Board policy 7:220, *Bus Conduct*.
11. Out-of-school suspension from school and all school activities in accordance with Board policy 7:200, *Suspension Procedures*. A student who has been suspended may also be restricted from being on school grounds and at school activities.
12. Expulsion from school and all school activities for a definite time period not to exceed 2 calendar years in accordance with Board policy 7:210, *Expulsion Procedures*. A student who has been expelled may also be restricted from being on school grounds and at school activities.
13. Transfer to an alternative program if the student is expelled or otherwise qualifies for the transfer under State law. The transfer shall be in the manner provided in Article 13A or 13B of the School Code.
14. Notifying juvenile authorities or other law enforcement whenever the conduct involves criminal activity, including but not limited to, illegal drugs (controlled substances), “look-alikes,” alcohol, or weapons or in other circumstances as authorized by the reciprocal reporting agreement between the District and local law enforcement agencies.

The above list of disciplinary measures is a range of options that will not always be applicable in every case. In some circumstances, it may not be possible to avoid suspending or expelling a student because behavioral interventions, other than a suspension and expulsion, will not be appropriate and available, and the only reasonable and practical way to resolve the threat and/or address the disruption is a suspension or expulsion.

Corporal punishment is prohibited. Corporal punishment is defined as slapping, paddling, or prolonged maintenance of students in physically painful positions, or intentional infliction of bodily harm. Corporal punishment does not include reasonable force as needed to maintain safety for students, staff, or other persons, or for the purpose of self-defense or defense of property.

Weapons

A student who is determined to have brought one of the following objects to school, any school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school shall be expelled for a period of at least one calendar year but not more than 2 calendar years:

1. A firearm, meaning any gun, rifle, shotgun, or weapon as defined by Section 921 of Title 18 of the United States Code (18 U.S.C. § 921), firearm as defined in Section 1.1 of the Firearm Owners Identification Card Act (430 ILCS 65/), or firearm as defined in Section 24-1 of the Criminal Code of 1961 (720 ILCS 5/24-1).
2. A knife, brass knuckles, or other knuckle weapon regardless of its composition, a billy club, or any other object if used or attempted to be used to cause bodily harm, including “look alike” of any firearm as defined above.

The expulsion requirement under either paragraph 1 or 2 above may be modified by the Superintendent, and the Superintendent’s determination may be modified by the Board on a case-by-case basis. The Superintendent or designee may grant an exception to this policy, upon the prior request of an adult supervisor, for students in theatre, cooking, ROTC, martial arts, and similar programs, whether or not school-sponsored, provided the item is not equipped, nor intended, to do bodily harm.

This policy’s prohibitions concerning weapons apply regardless of whether: (1) a student is licensed to carry a concealed firearm, or (2) the Board permits visitors, who are licensed to carry a concealed firearm, to store a firearm in a locked vehicle in a school parking area.

Re-Engagement of Returning Students

The Superintendent or designee shall maintain a process to facilitate the re-engagement of students who are returning from an out-of-school suspension, expulsion, or an alternative school setting. The goal of re-engagement shall be to support the student’s ability to be successful in school following a period of exclusionary discipline and shall include the opportunity for students who have been suspended to complete or make up work for equivalent academic credit.

Required Notices

A school staff member shall immediately notify the office of the Building Principal in the event that he or she: (1) observes any person in possession of a firearm on or around school grounds; however, such action may be delayed if immediate notice would endanger students under his or her supervision, (2) observes or has reason to suspect that any person on school grounds is or was involved in a drug-related incident, or (3) observes a battery committed against any staff member. Upon receiving such a report, the Building Principal or designee shall immediately notify the local law enforcement agency, State Police, and any involved student’s parent/guardian. “School grounds” includes modes of transportation to school activities and any public way within 1000 feet of the school, as well as school property itself.

Delegation of Authority

Each teacher, and any other school personnel when students are under his or her charge, is authorized to impose any disciplinary measure, other than suspension, expulsion, corporal punishment, or in-school suspension, that is appropriate and in accordance with the policies and rules on student discipline. Teachers, other certificated [licensed] educational employees, and other persons providing a related service for or with respect to a student, may use reasonable force as needed to maintain safety for other students, school personnel, or other persons, or for the purpose of self-defense or defense of property. Teachers may temporarily remove students from a classroom for disruptive behavior.

The Superintendent, Building Principal, Assistant Building Principal, or Dean of Students is authorized to impose the same disciplinary measures as teachers and may suspend students guilty of gross disobedience or misconduct from school (including all school functions) and from riding the school bus, up to 10 consecutive school days, provided the appropriate procedures are followed. The Board may suspend a student from riding the bus in excess of 10 school days for safety reasons.

Student Handbook

The Superintendent, with input from the parent-teacher advisory committee, shall prepare disciplinary rules implementing the District’s disciplinary policies. These disciplinary rules shall be presented annually to the Board for its review and approval.

A student handbook, including the District disciplinary policies and rules, shall be distributed to the students’ parents/guardians within 15 days of the beginning of the school year or a student’s enrollment.

SUSPENSION PROCEDURES

In-School Suspension

The Superintendent or designee is authorized to maintain an in-school suspension program. The program shall include, at a minimum, each of the following:

1. Before assigning a student to in-school suspension, the charges will be explained and the student will be given an opportunity to respond to the charges.
2. Students are supervised by licensed school personnel.
3. Students are given the opportunity to complete classroom work during the in-school suspension for equivalent academic credit.

Out-of-School Suspension

The Superintendent or designee shall implement suspension procedures that provide, at a minimum, for each of the following:

1. A conference during which the charges will be explained and the student will be given an opportunity to respond to the charges before he or she may be suspended.
2. A pre-suspension conference is not required, and the student can be immediately suspended when the student's presence poses a continuing danger to persons or property or an ongoing threat of disruption to the educational process. In such cases, the notice and conference shall follow as soon as practicable.
3. An attempted phone call to the student's parent(s)/guardian(s).
4. A written notice of the suspension to the parent(s)/guardian(s) and the student, which shall:
 - a. Provide notice to the parent(s)/guardian(s) of their child's right to a review of the suspension;
 - b. Include information about an opportunity to make up work missed during the suspension for equivalent academic credit;
 - c. Detail the specific act of gross disobedience or misconduct resulting in the decision to suspend;
 - d. Provide rationale or an explanation of how the chosen number of suspension days will address the threat or disruption posed by the student or his or her act of gross disobedience or misconduct; and
 - e. Depending upon the length of the out-of-school suspension, include the following applicable information:
 - i. For a suspension of 3 school days or less, an explanation that the student's continuing presence in school would either pose:
 - a) A threat to school safety, or
 - b) A disruption to other students' learning opportunities.
 - ii. For a suspension of 4 or more school days, an explanation:
 - a) That other appropriate and available behavioral and disciplinary interventions have been exhausted,
 - b) As to whether school officials attempted other interventions or determined that no other interventions were available for the student, and
 - c) That the student's continuing presence in school would either:
 - i) Pose a threat to the safety of other students, staff, or members of the school community, or
 - ii) Substantially disrupt, impede, or interfere with the operation of the school.
 - iii. For a suspension of 5 or more school days, the information listed in section 4.e.ii., above, along with documentation by the Superintendent or designee determining what, if any, appropriate and available support services will be provided to the student during the length of his or her suspension.
5. A summary of the notice, including the reason for the suspension and the suspension length, must be given to the Board by the Superintendent or designee.
6. Upon request of the parent(s)/guardian(s), a review of the suspension shall be conducted by the Board or a hearing officer appointed by the Board. At the review, the student's parent(s)/guardian(s) may appear and discuss the suspension with the Board or its hearing officer and may be represented by counsel. Whenever there is evidence that mental illness may be the cause for the suspension, the Superintendent or designee shall invite a representative from the Department of Human Services to consult with the Board. After presentation of the evidence or receipt of the hearing officer's report, the Board shall take such action as it finds appropriate. If the suspension is upheld, the Board's written suspension decision shall specifically detail items (a) and (e) in number 4, above.

EXPULSION PROCEDURES

The Superintendent or designee shall implement expulsion procedures that provide, at a minimum, for the following:

1. Before a student may be expelled, the student and his or her parent(s)/guardian(s) shall be provided a written request to appear at a hearing to determine whether the student should be expelled. The request shall be sent by registered or certified mail, return receipt requested. The request shall:
 - a. Include the time, date, and place for the hearing.
 - b. Briefly describe what will happen during the hearing.
 - c. Detail the specific act of gross disobedience or misconduct resulting in the decision to recommend expulsion.
 - d. List the student's prior suspension(s).
 - e. State that the School Code allows the School Board to expel a student for a definite period of time not to exceed 2 calendar years, as determined on a case-by-case basis.

- f. Ask that the student or parent(s)/guardian(s) or attorney inform the Superintendent or Board Attorney if the student will be represented by an attorney and, if so, the attorney's name and contact information.
2. Unless the student and parent(s)/guardian(s) indicate that they do not want a hearing or fail to appear at the designated time and place, the hearing will proceed. It shall be conducted by the Board or a hearing officer appointed by it. If a hearing officer is appointed, he or she shall report to the Board the evidence presented at the hearing and the Board shall take such final action as it finds appropriate. Whenever there is evidence that mental illness may be the cause for the recommended expulsion, the Superintendent or designee shall invite a representative from the Dept. of Human Services to consult with the Board.
3. During the expulsion hearing, the Board or hearing officer shall hear evidence concerning whether the student is guilty of the gross disobedience or misconduct as charged. School officials must provide: (1) testimony of any other interventions attempted and exhausted or of their determination that no other appropriate and available interventions were available for the student, and (2) evidence of the threat or disruption posed by the student. The student and his or her parent(s)/guardian(s) may be represented by counsel, offer evidence, present witnesses, cross-examine witnesses who testified, and otherwise present reasons why the student should not be expelled. After presentation of the evidence or receipt of the hearing officer's report, the Board shall decide the issue of guilt and take such action as it finds appropriate.
4. If the Board acts to expel the student, its written expulsion decision shall:
 - a. Detail the specific reason why removing the student from his or her learning environment is in the best interest of the school.
 - b. Provide a rationale for the specific duration of the recommended expulsion.
 - c. Document how school officials determined that all behavioral and disciplinary interventions have been exhausted by specifying which interventions were attempted or whether school officials determined that no other appropriate and available interventions existed for the student.
 - d. Document how the student's continuing presence in school would (1) pose a threat to the safety of other students, staff, or members of the school community, or (2) substantially disrupt, impede, or interfere with the operation of the school.
5. Upon expulsion, the District may refer the student to appropriate and available support services.

BUS CONDUCT

All students must follow the District's *School Bus Safety Rules*.

School Bus Suspensions

The Superintendent, or any designee as permitted in the School Code, is authorized to suspend a student from riding the school bus for up to 10 consecutive school days for engaging in gross disobedience or misconduct, including but not limited to, the following:

1. Prohibited student conduct as defined in School Board policy, 7:190, *Student Behavior*.
2. Willful injury or threat of injury to a bus driver or to another rider.
3. Willful and/or repeated defacement of the bus.
4. Repeated use of profanity.
5. Repeated willful disobedience of a directive from a bus driver or other supervisor.
6. Such other behavior as the Superintendent or designee deems to threaten the safe operation of the bus and/or its occupants.

If a student is suspended from riding the bus for gross disobedience or misconduct on a bus, the School Board may suspend the student from riding the school bus for a period in excess of 10 days for safety reasons. The District's regular suspension procedures shall be used to suspend a student's privilege to ride a school bus.

Academic Credit for Missed Classes During School Bus Suspension

A student suspended from riding the bus who does not have alternate transportation to school shall have the opportunity to complete or make up work for equivalent academic credit. It shall be the responsibility of the student's parent or guardian to notify the school that the student does not have alternate transportation.

Electronic Recordings on School Buses

Electronic visual and audio recordings may be used on school buses to monitor conduct and to promote and maintain a safe environment for students and employees when transportation is provided for any school related activity. Notice of electronic recordings shall be displayed on the exterior of the vehicle's entrance door and front interior bulkhead in compliance with State law and the rules of the Illinois Department of Transportation, Division of Traffic Safety.

Students are prohibited from tampering with electronic recording devices. Students who violate this policy shall be disciplined in accordance with the Board's discipline policy and shall reimburse the School District for any necessary repairs or replacement.
